Key Advantages

● Products:

An outstanding line of products of top quality, performance and value.

● Competitiveness:

Prices 25-50% below those of major competitors, with same or better quality and reliability.

● Sales Support:

Full SLA's and warranty support comparable to Tier One global and US firms (with available customization of products to fit client's needs, as well as extended product testing).

● Customer Commitment:

Full-time commitment to "after-buy" service support, and financing of suitable projects (such as \$800 million in Ethiopia and \$500 million recently in Nigeria).
